*Proof of rabies vaccination strongly recommended - current, given more than 14 days prior to arrival at fairgrounds, and remaining current for duration of the Fair. Consult your veterinarian and county representative for current requirements.

Remember to follow Animal Health requirements for Admission to New York State and County Fairs: <https://agriculture.ny.gov/animals>. Consult your veterinarian.

NEW YORK YOUTH LIVESTOCK NON-OWNERSHIP POLICY

The exhibitor, upon request to the event sponsor, shall provide proof of ownership of any exhibit.

This **non-owner certificate** verifies that a 4-H member in New York and the owner of the animal have entered an agreement. A lease agreement allows a 4-H member to use the specified animal as a 4-H project.

Cornell Cooperative Extension (CCE) encourages the use of written lease agreements, however, it is the responsibility of the owner and exhibitor to agree upon the lease terms. Neither CCE nor Cornell University is legally involved in writing, implementing or terminating any lease agreements.

The following policy was revised in 2014 by the NYS Youth Goat Advisory Committee.

Non-owner/lease opportunities are intended for youth who do not already own an animal of this species type. Youth who own no goats may lease two non-owned goats as 4-H projects but may be restricted to showing only one of these animals per youth fair, youth exhibition, or 4-H show/exhibition at their county's discretion. Non-ownership is also available to youth already owning meat, dairy or pack goats but is limited to one (1) leased animal of another type. i.e., youth owning dairy goats may lease one (1) meat goat or pack goat. Youth owning meat goats may lease one (1) dairy or pack goat. Youth owning pack goats may lease one (1) dairy or meat goat.

The following bill was legally adopted by the NYS Department of Agriculture & Markets July 1987.

Exhibits must be in the care of exhibitor by June 15 of the current year or by a prior date designated by county of 4-H enrollment.
